

A SCIENTIFIC JOURNAL OF Civil Engineering

Vol. 30, No. 1, March 2026

ISSN No. 1411 – 1292
E-ISSN No. 2541 – 5484

Study on Environmental Attitudes and Passenger Preferences For Bali's Planned Urban Rail

Ni Komang Widyasanti, Muhammad Zudhy Irawan, Danang Parikesit

Developing an Integrated Climate Disaster Risk Framework for Critical Infrastructure Resilience Planning

Lalu Ibrohim Burhan, Hidayatul Amri

Nonlinear Modeling of Confined Masonry Structures Using Layered Shell Elements

Gusti Bagus Michael Satria Dwipayana, Made Sukrawa, Ida Ayu Made Budiwati

The Role of Mental Stress and Organizational Relationships in Shaping Safety Perception among Oil and Gas Construction Workers

Bagos Armansyah, Berliana Dewi Balqis

Dharma ning Asta Kosala Kosali Layout of the Balinese Traditional Home

I Wayan Redana

Study of Community Based Contract Implementation in The School Revitalization Program in Bangli Regency

Putu Ira Pramesti Wiraningsih

The Impact of High-Temperature Exposure from Fire on Concrete Quality: A Review and Experimental Plan

Muhajir, Tamrin Rahman, Mardewi

Risk Management Strategy In The Implementation Of Maintenance Of Tukad Ayung In Denpasar City: An Integrated Qualitative Analysis

I Gede Indra Mahardika, I Made Topik Gunawan, Putu Mas Diah Pradnyawati

Structural Redesign For Material Efficiency (Case Study: Building A Of Kiara Beach Front Apartment)

Made Hendra Prayoga, Ida Bagus Prastha Bhisama, P. Adi Yasa

Planning an Integrated Feeder System for e-BRT

Ni Putu Dita Prastitaning Dewi, Putu Alit Suthanaya, Dewa Made Priyantha Wedagama

A SCIENTIFIC JOURNAL OF CIVIL ENGINEERING (JITS) is published by the Civil Engineering Study Program of Udayana University twice a year in March and September.	
First Publication : 1997 ISSN : 1411 – 1292 E-ISSN : 2541 – 5484	
The editor accepts scientific articles from various groups such as lecturers, researchers and Civil Engineering practitioners from within and outside the Faculty of Engineering, Udayana University in accordance with the writing guidelines.	

A Scientific Journal of Civil Engineering

FOREWORD

We express our gratitude to God Almighty for the publication of the Civil Engineering Scientific Journal Vol. 30, No. 1, March 2026. This edition features ten articles: 2 in the field of transportation engineering, 1 in water resource engineering, 4 in infrastructure & construction management, and 3 in the field of structural engineering. The topics covered in this edition come from four areas of civil engineering expertise, and we hope to see contributions with a wider range of topics from other areas of expertise in future editions

This is a brief introduction, and we hope this journal continues to be published with ever-improving quality and serves as a benefit to institutions, the nation, and the country. We continue to welcome contributions from various circles, including academics, research institutions, and practitioners, so that this journal can truly be utilized as a medium for exchanging technical information. Finally, we look forward to receiving valuable suggestions and constructive criticism for the publication of the next edition of the journal.

Thank you

Editorial Board
